Visitor Experience and Reviews

Visitor Volume

- Over 19 million visitors annually
- Over 150 million people have visited since opening
- Average of over 13 million visits annually

Size and Scale

- One of the biggest commercial centers in Italy and Europe
- Very large shopping center where visitors can spend at least 5 hours
- Visitors should prepare to spend at least three hours

Customer Experience Highlights

- Good place to buy clothes with prices below average and good quality
- Good selection of food, nice half a day out
- Worth the visit if you travel towards Florence

Rankings and Recognition

- #2 of 34 things to do in Campi Bisenzio on TripAdvisor
- The center has received prestigious official recognitions in Italy and abroad

Challenges and Considerations

Accessibility Concerns

- Very difficult to get to if you don't have a car (3 buses and a tram from hotels in Florence) which can take close to 2 hours
- No taxi service available for pickup when finished shopping

Crowding Issues

- Top floor food court is always very busy - good luck finding a place to sit

- Weekends are very crowded

Seating Availability

- Nowhere to sit down and recover your strength while shopping

Historical Context

Opening and Development

- Opened in 1997
- Has established itself as the largest and most innovative commercial and leisure hub in Tuscany
- Comparable to international organized retail distribution realities

Industry Recognition

- Often taken as a reference by industry publications and press as a case history of significant relevance
- Thanks to a "vision" that from the beginning has placed attention at the center

Special Features and Innovations

Layout and Design

- Activities typical of a real "piazza"
- Two main piazzas on the first floor connected by Il Cammin de' Gigli

Shopping Experience

- Exclusive brands and promotions that make the experience unforgettable
- GigliPass App available
- Gigli Gift Card available

Environmental Features

- Electric car charging stations in parking
- Outdoor garden areas
